

# The Xena Files:

*Adrienne Wilkinson*

**B**est known for her role as Livia/Eve on *Xena Warrior Princess*, Adrienne Wilkinson, the actress with otherworldly looks, has been working steadily since the series wrapped in 2001, with a myriad of television appearances, voicing more than 40 characters in animated videos, commercials and video games, working in various theatre productions through to her latest short film success with *Reflections*. But for the Xenites (Xena fans) that follow her every move, she'll forever be remembered as the B\*tch of Rome. *Jeanette L. Gibbs* catches up with the busy actress.
