

SEXY SIRENS

There's stiff competition amongst Xena's lovely ladies. So who's the sexiest of them all?

5 eve

A feisty young woman, though not as striking to look at as her mother, Eve and Xena have a tremendous amount in common: they both have gorgeous dark hair and a dangerous and unpredictable nature.

Oh, and they also have similar taste in men – lucky old Ares!

sex appeal: 7/10

things not to say on a first date: "I've never gone out with a cold-blooded killer before."

4 Aphrodite

Goddess by name, goddess by nature. Aphrodite is sexy with a capital 'S'. And boy does she know it – and flaunt it.

Mischievous and interfering, the Goddess of Love she may be, but she wouldn't know true love if it came up and bit her on her oh-so-perfectly-formed bum!

sex appeal: 10/10

partner material: 2/10

things not to say on a first date: "Looks so superficial, don't you think?"

3 Callisto

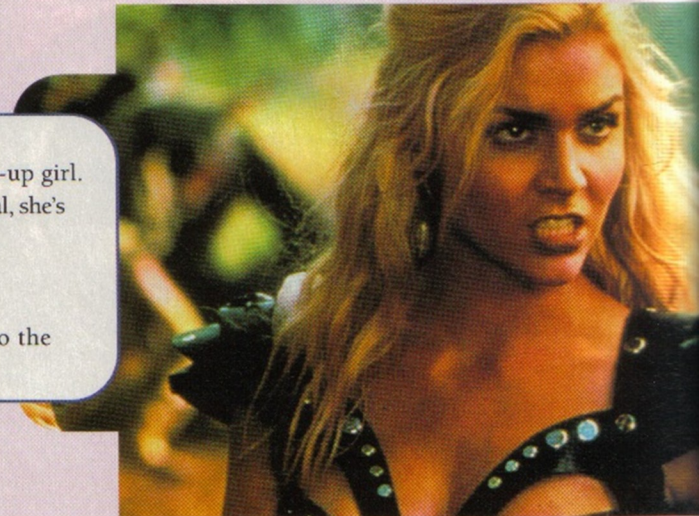

Blonde and bubbly, with curves in all the right places, Callisto's a real page 3 pin-up girl.

But while this lusty lass may look the business in leather and simply ooze sex appeal, she's got a serious screw loose. Dating her would be seriously bad for your health.

things not to say on a first date: You'll probably be too afraid to get to the talking stage...

on the sidelines

These gorgeous girls were narrowly beaten to the top of the poll...

ephiny

Ephiny is beautiful, courageous and strong, with gorgeous blonde curly hair. Despite her diminutive size, she always has a presence and stands out in a crowd, proving that small can be sexy too.

hope

Hope looks just like her mum, but don't let that fool you! She may be dead sexy and look like butter wouldn't melt in her perfectly formed mouth, but she just happens to be completely insane.

najara

Cute, blonde crusader and religious zealot, Najara is proof that looks can indeed be deceiving. She may act all righteous, but her morals are questionable.

lao ma

Mysterious, exotic, powerful and wise, Lao Ma is a woman of substance, as beautiful on the inside as she was on the outside. Xena's mentor, Lao Ma was much loved by many, including Xena herself.

2 gabrielle

The moment Gabby got her long blonde hair cut shorter, she shed her innocent, fresh-faced girl next door look and became, well, incredibly sexy.

But Gabrielle has the worst luck with men. It just makes you want to give her a great big hug. She's the Bridget Jones of Ancient Greece and she keeps a diary of sorts too.
